Highest resilience based on three layers

Simplicity Easy to use, operate and expand

Lite

Plus

Two license packages, and various expansions packs available for different project needs

Easy installation & basic configuration

Intuitive GUI

Easy-to-use map viewer

Threat level management for increased safety on site

Up to 15 configurable threat levels

Initiation of safety measure with one click

Situational awareness for fast and most efficient reaction

Map viewer

Swipe Ticker

High-End Security Features

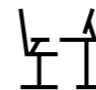

Global anti-passback

Random screening

Occupancy Limit Control

Office mode

Mantrap

Guard tour

Single Sign On

Multi-factor Authentication

Threat-level Management

Parking Management

Future-proof investment High scalability

up to **400,000** cardholders

up to **10,000** doors

Regular software updates

Software add-ons

Credential Management

Visitor Management

Mobile Access

Report Management

Integration via API

B Series and G Series

BVMS and Milestone XProtect

License plate recognition

Elevator dispatch systems

Offline locks compatibility

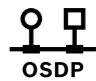

Biometric verification

Data security and privacy protection

Encrypted database and encrypted communication

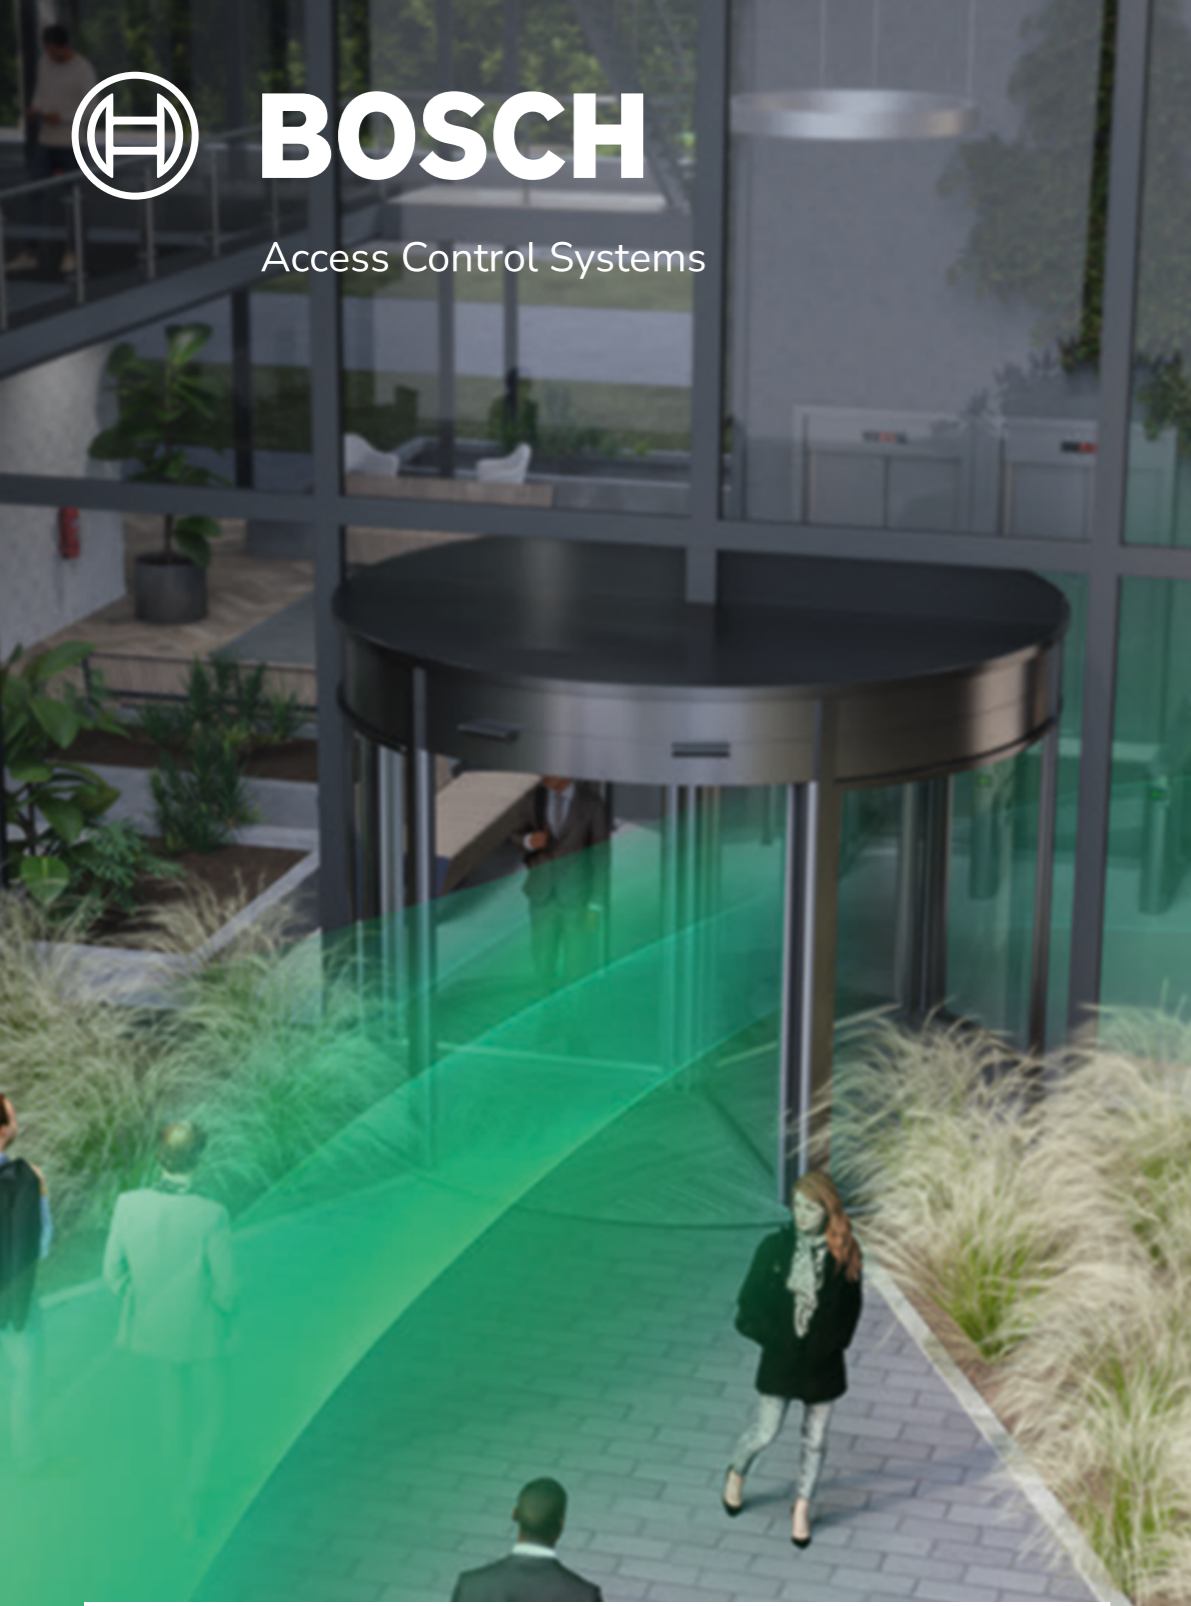

Support of OSDPv2 secure channel

BOSCH
