

Biometric Access Control

We offer a variety of biometric reader models to address a wide range of applications, both indoors and outdoors. The devices are able to withstand a high level of impact, making them vandal-resistant, and offer superior protection against invasive moisture, dust and even liquids.

Bosch Fingerprint reader

Bosch Fingerprint reader, Multiclass

- Rugged IP67/IK09 housing for tough environment and outdoor installations
- Compatibility with AMS 2.0, BIS/ACE 4.5 and later versions, for easy enrollment and configuration of fingerprint templates as well as card data in one system
- Flexibility due to Wiegand and OSDP support, and dual-frequency RFID technology supporting proximity cards and smart cards
- Highest security standard supporting OSDPv2 secure channel protocol and Bosch coded Mifare Desfire credentials
